

TUBE CHECKER (Black)

Catalog No. DAI-TC-BLACK

It is particularly useful for marking on plastic cassette of paraffin embedding.

TUBE CHECKER is a water/solvent proof twin-point pen.

- * "Tube Checker" pen enables you to write on paper, plastic, glass and metal.
- * The writings are waterproof after being dried and will not blur with water.
- * After drying, written parts become solvent proof against organic solvent mainly used in the lab such as ethanol, xylene and chloroform.

How to use:

- * Uncap the pen and start writing. The ink will dry in 20 seconds or so.
- * To avoid running, do not touch the ink with wet hands or dip in water before it is dried.

Color: Black

Caution:

- * Be sure to cap the pen after use.
- * Prevent direct exposure to the sun and keep it in a dark place.
