

Gelatin-Coated Microscope Slides

Product Name	Catalog #	Size
Gelatin-Coated Microscope Slides	PO101	100 slides per box

Highest quality glass and precleaned microscope slides are coated with 3% gelatin. Each slide (size: 75x25 mm, thickness: 1.0 mm) has a frosted write-on end. The slides are packaged in a premium quality slide box sealed in an air-tight plastic bag to ensure dryness during shipment and storage.
