

Certificate of Analysis

PG2014

Catalog No. ~~PG2012~~/cell line: 74-12-4

Specificity: CD4

Isotype: IgG2b

Known applications: Flow cytometry, immunohistochemistry, cell function

Known species reactivity: Pig

Description: The monoclonal antibody was produced in ascites fluid, clarified by filtration through a 0.2 micrometer filter. The antibody concentration is 1.0 mg/ml in phosphate buffered saline, preserved in 0.09% sodium azide.

Method used for quality control: Flow cytometry

Flow cytometric profile obtained with pig leukocytes

STORAGE: When the vial is stored at 2-7°C, it should be stable for one year.
